

## Product Highlights

-  Monitor in high definition, day & night, from anywhere
-  Securely access through smartphone, tablet or computer
-  Remote control pan and tilt to cover larger area
-  Record up to 7 days of video with included microSD card
-  Motion and sound detection with instant alerts to your mobile device

Use your Smartphone or tablet as a pet monitor from anywhere

16GB microSD card included

## DCS-855L/P

# EyeOn Pet Monitor HD 360

### Features

#### Camera

- HD resolution (1280 x 720) for a detailed image
- Infrared night vision provides 24 hour monitoring
- 802.11n wireless for flexible camera placement
- Whisper-quiet pan and tilt functionality lets you cover an entire room with ease
- Includes 16GB microSD card for recording snapshots and video triggered by motion or sound
- Can be powered by an external USB battery<sup>1</sup>
- 5 different gentle lullabies built-in
- Play your own music through the microSD card
- Interchangeable blue, pink and white accent colour rings and covers

#### Intelligent Pet Monitoring

- Sound detection alerts you to noises
- Motion detection lets you know if the camera detects movement
- Temperature monitoring informs you if the room becomes too hot or cold
- Notifications can be sent to your mobile device for detected events
- Two-way audio lets you hear your pet and allows you to respond and calm your pet

#### Convenient Control From Your Mobile Device and Computer

- Uses the free mydlink Lite app for iOS and Android smartphone and tablet devices<sup>2</sup>
- The mydlink Lite app helps you set up your device and gives you easy access to all functions
- View and control through the secure mydlink web portal

Watch over your pet anytime, anywhere with the DCS-855L/P EyeOn Pet Monitor HD 360. Pan/tilt functionality lets you move the camera remotely; monitoring an entire living room with ease from your mobile device! With night vision, temperature monitoring, sound and motion detection, 2-way audio, notifications and more, the DCS-855L/P keeps you connected to your pet.

Pan & Tilt

High definition video with sound

Remote Viewing

4x Digital Zoom

### Peace of Mind, Anywhere, Anytime

The EyeOn Pet Monitor HD 360 is specially designed to make it easy for you to care for your pet. Its versatile all-day monitoring turns on night vision automatically when it gets dark, giving you a clear picture day or night so you can keep an eye on your pet anytime. Receive notifications when sound, motion, or a temperature change is detected. Not only can you see and hear your pet, but you can also comfort them with one of five gentle lullabies, your own music or even the sound of your voice using the two-way audio.

Instant Push Alerts

Temperature Alerts

Sound & Motion Detection

Play lullabies, your own music

2-way audio

It's perfect for use in the home, or even when you're away; it's mydlink-enabled, which means that you can access your camera remotely over the Internet on your PC or mobile device. Check on your pet whilst you are away from home, or check on the day's events by playing back videos recorded on the included 16GB microSD card.

Take snapshots & videos directly to your mobile device

16GB microSD card for auto-recording

### Pan/Tilt for Corner to Corner Coverage

The EyeOn Pet Monitor HD 360 can pivot up, down, left, and right at your command, giving you the ability to watch over a large room effortlessly. Whisper quiet motors let you move the camera's view without disturbing your pet.

### Perfectly Portable for Instant Monitoring Anywhere

You can take the EyeOn Pet Monitor HD 360 with you when travelling with your pet, even when there is no available Internet connection. Just connect your mobile device to the EyeOn Pet Monitor HD 360's wireless network for instant local monitoring, making it perfect for holidays or just visiting friends. You can even connect it to an external USB battery<sup>1</sup> for total portability!

### Super Simple to Setup

### Perfect for viewing on multiple devices

Monitor using your smartphone, tablet or computer<sup>2</sup>

### mydlink™-Enabled

Connecting a video monitor to your network and accessing it has traditionally required complex configuration. mydlink makes it easy to access your EyeOn Pet Monitor HD 360 from wherever you are, whenever it's convenient for you. Just download the free mydlink Lite app for your smartphone or tablet and you can quickly and easily setup and view your EyeOn Pet Monitor HD 360 from anywhere with a wireless or 4G LTE/3G connection. You can also log onto the secure mydlink web portal on your computer, so you can keep an eye on what matters most.
