# **D-Link** Quick Installation Guide

D-ViewCam Central Management Software for SecuriCam

### System Requirements

- Microsoft Windows 2000 Professional SP4, Windows XP Professional SP1, or Windows XP Home Edition SP1
- Pentium 4 2.0 GHz or above, at least 256 MB RAM, 100MB free hard disk space or above
- Network: 10/100 Mbps Ethernet
- Display card: nVidia, TNT2, or GeForce with at least 32 MB display memory
- A CD-ROM drive

### **Check Hardware Requirement**

If you are using D-ViewCam to monitor multiple D-Link Internet cameras, it is recommended to meet these minimum system requirements.

[Note] Recording video over a long period of time will consume large amounts of disk space. Make sure that you have at least required disk space available. You can still complete this installation even if you have less than suggested free disk space.

For 1 to 4 channels: CPU: Intel P-4 2.8G Hz or above SDRAM: 512MB Memory Hard Disk: 40GB or above

For 5 to 9 channels: CPU: Intel P-4 2.8G Hz or above SDRAM: 512MB Memory Hard Disk: 60GB or above

For 10 to 16 channels: CPU: P-4 3.0 G Hz or better processor SDRAM: 1G Memory Hard Disk: 80GB or above

[Note] Recording video over a long period of time will consume large amounts of disk space. Make sure that you have at least 1GB disk space available. You can still complete this installation even if you have less than 1GB free disk space.

	D-ViewCam Setup	×
	Select Program Folder Please select a program folder.	
	Setup will add program icons to the Program Folder listed below. You may type a new folder name, or select one from the existing folders list. Click Next to continue.	
	Program Folder: D-Link D-ViewCam	1
	Existing Folders:	1
	Microsoft Office Tools Microsoft Office Microsoft SQL Server Microsoft SQL Server - Switch Microsoft Visual Studio 6.0 Symantec Client Security WinRAR	
	InstallShield	1
Click Next	Cancel	

Click <b>Finish</b> , and the system will activate D-Link D-ViewCam <b>.</b>	D-ViewCam Setup	InstallShield Wizard Complete The InstallShield Wizard has successfully installed D-Link D-ViewCam v1.10. Click Finish to exit the wizard.
Click Finish		< Back Finish Cancel

Congratulations! You've successfully installed D-Link D-ViewCam.

Run Start > All Programs > D-Link D-ViewCam > Admin

There is no password for Admin's account by default, please assign the Admin password by click on "Change Password."

Click eMap on the tree structure and the Add Area icon in menu bar.

Enter the 'Area Name' and click **OK**.

# Configuring your Camera with D-ViewCam (continued)

An area is created and shown under eMap.

Click the Add Camera icon in menu bar.

# Configuring your Camera with D-ViewCam (continued)

For **Model**, select a model that corresponds to your Internet Camera, and then fill in the MAC address, IP address, Port No., Location, Camera User name, Camera Password for that camera. Then click **OK** to continue.

[Note]

- The MAC address can be found on device label, which is on the bottom or the back of your camera.
- The default Port No. is 80, which is suitable for most situations.
- The Location is preset as CAM01, CAM02, etc.
- Camera User name, Camera Password and port number need to be entered to match the camera web configuration.

4	Camera Setting	
	Model:	DCS-900 ver. Ax
	MAC Address:	050012345678
	IP Address:	192.168.0.101
	Port No:	80
	Location:	CAM01
	Camera User Name:	ədmin
	Camera Password:	*****
		OK Cancel

[Note]

You can also setup other D-Link cameras using the same steps described above.

The camera is created and is shown under eMap (eMap\your area name\camera name).

[Note]

You can drag the CAM01-Image icon to a desired location to your eMap on the righthand of the screen; double click on the camera icon for video monitoring.

Run Start > All Programs > D-Link D-ViewCam > Monitor

OK

Change

Password

Cancel

There is no password for Admin's account by default, please assign the Admin password by click on "Change Password."

Click OK

Now, you can see the image from the camera in the middle of the monitor screen. Congratulations! You have successfully configured your Internet Camera to your D-Link D-ViewCam.

Alternatively, you may click the **4-Split** icon (or the 9-Split or16-Split icon) to display more than one streaming video on the screen. In order to do this, you need to finish configuring your multiple cameras first.

Here is a brief description of the screen layout in the Administration and Monitor programs. Complete details can be found in the User's Manuals.

Administration Program: Configure cameras by using the Admin's Tools.

Monitor Program: Monitor the stream video and playback the recorded video.
