

Product Highlights

Increased Speed And Range

Wireless N150 technology gives you increased speed and range over 802.11b/g

Full Backwards Compatible

Works with any Wi-Fi certified 802.11n wireless devices¹ as well as full backwards compatibility with 802.11b/g, providing solid performance and giving you peace of mind

Easy Configuration

Use the Quick Setup Wizard and Wi-Fi Protected Setup™ (WPS) for easy, automatic connection to a wireless network

GO-USB-N150

Wireless N150 Easy USB Adapter

Features

Connectivity

- Easy wireless connectivity for your notebook or desktop computer
- Connects to 802.11n router whilst fully backwards compatible with 802.11b/g
- Access a secure wireless network using advanced WPA™ or WPA2™ encryption

Secure

- Easy to install and use with the dlinkgo Setup Wizard and Wi-Fi® Protected Setup (WPS)

Use the dlinkgo GO-USB-N150 Wireless N150 Easy USB Adapter to connect your notebook or desktop computer to your wireless network. Once connected, you can browse the Internet, stream online videos or access shared documents, music, and photos from other computers on your network.

High-Speed Secure Wireless Networking

Connect to a high-speed wireless network with the dlinkgo Wireless N150 Easy USB Adapter and enjoy surfing the web, checking e-mail, and chatting with family and friends online. The GO-USB-N150 uses Wireless N150 technology, which offers increased speed and range over the 802.11g/b standard² giving you a faster, more reliable wireless connection. Additionally, to protect your data and maintain your privacy, the Wireless N150 Easy USB Adapter supports WEP, WPA, and WPA2 encryption for connecting to a secure wireless network.

Compatibility Assurance

The Wireless N150 Easy USB Adapter provides a high-speed connection to other Wireless N 150 or 802.11n devices and is backward compatible with 802.11g/b, ensuring compatibility with a wide range of wireless routers and networks.

Easy To Install & Connect

The Wireless N150 Easy USB Adapter's Quick Setup Wizard provides easy setup of your USB adapter so you can get connected quickly. Wi-Fi Protected Setup (WPS) sets up a secure wireless connection with the push of a button. WPS eliminates the need for complicated configuration, thus simplifying setup and saving time.

Technical Specifications

General

System Requirements	• Windows 8, 7, Vista, or Windows XP SP3	• Available USB port
Standards	• IEEE 802.11n • IEEE 802.11g	• IEEE 802.11b • USB 2.0
Frequency Range	• 2.4 GHz to 2.4835 GHz	
Antenna	• Internal	
Security	• 64/128-bit WEP data encryption	• Wi-Fi Protected Access (WPA & WPA2)

Physical and Environmental

Dimensions	• 69.9 x 18.4 x 10.8 mm (2.75 x 0.72 x 0.43 inches)	
Weight	• 12 grams (0.02 lbs)	
Temperature	• Operating: 0 to 40 °C (32 to 104 °F)	• Storage: -20 to 65 °C (-4 to 149 °F)
Humidity	• Operating: 10% to 90% non-condensing	• Storage: 5% to 95% non-condensing
Certifications	• CE • FCC • Compatible with Windows 8	• Wi-Fi • WPS Certified

Order Information

<i>Part Number</i>	<i>Description</i>
GO-USB-N150	Wireless N150 Easy USB Adapter

¹ Compatible with 2.4GHz 802.11n devices

² Maximum wireless signal rate derived from IEEE standard 802.11n specifications. Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate. Environmental factors will adversely affect wireless signal range.
