# D-Link®
## Home is where the SMART is

## Product Highlights

**Extend Your High-Speed Wireless Network**

Extend your home wireless coverage and enjoy wireless connection speeds of up to 300 Mbps with Wireless N technology[1]

**More Than Just a Wi-Fi Extender**

Create personal Wi-Fi hotspot or add Wi-Fi connectivity to computers, smart TVs and games consoles with Ethernet ports

**Easy to Set Up**

Use the QRS Mobile app on your phone or push the WPS button to install the device in minutes without needing a PC

## DAP-1330

# N300 Wi-Fi Range Extender

## Features

### Connectivity
- Wireless N gives you high-speed wireless connectivity for your devices
- Wireless 802.11g/b backward compatibility
- Wi-Fi speeds of up to 300 Mbps[1]
- 10/100 Fast Ethernet Port

### Security
- WPA2/WPA wireless encryption to keep your wireless connection secure
- Wi-Fi Protected Setup (WPS) for secure setup with the simple press of a button

### Easy to Use
- One-piece wall plug design is compact, discreet and does not require additional power adapter and cable
- Built-in setup wizard and QRS Mobile app for mobile devices guide you through installation

The N300 Wi-Fi Range Extender is a wall-plug Wi-Fi range extender that lets you extend an existing Wi-Fi network simply by placing it anywhere in your home. Supporting Wireless N, this tiny yet powerful N300 Wi-Fi Range Extender gives you connection speeds of up to 300 Mbps[1], while still being backwards compatible with your existing wireless devices.

## Extend Your Wireless Network and More

Increase the coverage of your home Wi-Fi network with the sleek and easy-to-use N300 Wi-Fi Range Extender. N300 technology ensures fast connection speeds whilst providing backward compatibility with older wireless devices in your network, allowing you to enjoy a reliable wireless connection. Alternatively, use the built-in Ethernet port to create a personal Wi-Fi hotspot in hotel rooms with wired Internet access whether you are away on holiday or business. You can also add Wi-Fi connectivity to computers, smart TVs and games consoles with Ethernet ports.
## Easy to Set Up, Easy to Use

Setting up the N300 Wi-Fi Range Extender is simple. You can use the supported QRS Mobile app on your iOS and Android smartphones and tablets to set up easily without needing a computer. Alternatively, you can use one-touch setup by pushing the WPS push-button on the N300 Wi-Fi Range Extender and your Wi-Fi router, to instantly extend your Wi-Fi coverage. It even includes a built-in setup wizard that lets you configure it wirelessly with a PC or mobile device.
## Compact, Convenient Design

The N300 Wi-Fi Range Extender is a compact device that is ideal for use at home or in a small office. The visual signal indicator LED makes it easy to find suitable placement location. Its space-saving wall-plug design easily saves you the hassle of dealing with a power adapter and cable. The discreet and unobtrusive appearance blends easily into the decor of your home or office.

## Technical Specifications

### General

| | | |
|---|---|---|
| Device Interfaces | • 802.11n/g/b Wireless LAN<br>• 10/100 Fast Ethernet port | • Reset button<br>• WPS button |
| LEDs | • Status/WPS | • 3 segment Wi-Fi signal strength indicator |
| Standards | • IEEE 802.11n<br>• IEEE 802.11g | • IEEE 802.3u<br>• IEEE 802.11b |
| Antennas | • Two external antennas | |
| Plug Type | • Region dependent | |

### Functionality

| | | |
|---|---|---|
| Wireless Security | • Wi-Fi Protected Access (WPA/WPA2) | • WPS (PBC) |
| Advanced Features | • D-Link One-Touch Extender Setup | |
| Device Management | • Supports QRS Mobile app for iPhone, iPad,<br>iPod touch, and Android mobile devices | • Web UI |

### Physical

| | | |
|---|---|---|
| Dimensions | • 77 x 55.5 x 34 mm (3.03 x 2.28 x 1.33 inches)[2] | |
| Weight | • 86.9 g | |
| Power | • Input: 110 to 240 V AC, 50/60 Hz | |
| Temperature | • Operating: 0 to 40 °C (32 to 104 °F) | • Storage: -20 to 65 °C (-4 to 149 °F) |
| Humidity | • Operating: 10% to 90% non-condensing | • Storage: 5% to 95% non-condensing |
| Certifications | • FCC<br>• IC<br>• CE<br>• C-Tick | • CB<br>• UL<br>• Wi-Fi Certified |

[1] Maximum wireless signal rate derived from the IEEE Standard 802.11n specifications. Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, may lower actual data throughput rate. Environmental factors will adversely affect wireless signal range.
[2] Dimensions do not include the regional plug type.
